Lockout Tools

BigEasy Lockout Tool

Part number : **LOCK070**

RRP : £19.00

- No danger of airbag activation or disconnected door linkages
- The BigEasy lockout kit enables you to activate the door handle, manual lock button or electric lock button on most cars and trucks
- With every movement in full view of the technician, unlocking cars is quick and so easy
- No extensive training necessary

BigEasy Extend

Part number : LOCK130

RRP : £12.00

- Works with all versions of BigEasy Lockout kits
- The BigEasy Extend is a simple and inexpensive device that snaps on to the BigEasy to open locked cars which require extra length to reach emergency floor release handles, keys in ignition and opposite side door handles
- This avoids the need to purchase additional and more costly speciality tools
- The BigEasy Extend is made from glass-filled nylon, which provides a strong but flexible tool to adapt to any angle required to complete the unlocking process. Mould-injected with reflective substances which will 'Glo' after absorbing sunlight

- For use with tinted windows and headlights for night time lockouts
- Can also be used with the BigEasy Loop and, if additional length is required, you can add 12" by snapping on a second BigEasy Extend

BigEasy Non-Marring Wedge

Part number : LOCK100

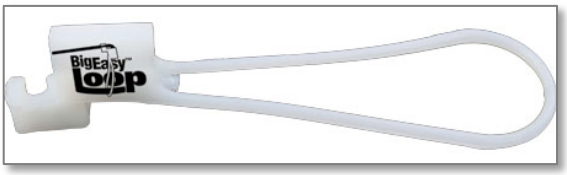
RRP : £8.75

- This rigid, non-marring plastic wedge is used to spread the door frame so you can insert the BigEasy car unlock tool
- Also works great as a starter wedge to open a gap for the inflatable air wedge
- Very easy to use and an indispensable part of your lockout toolkit

BigEasy Loop

Part number : LOCK150

RRP : £5.00



- The BigEasy Loop snaps on to any of BigEasy Lockout Tools to provide easy leverage to pull door handles and window cranks during the door unlocking process
- Handy accessory tool easily snaps on the end of the BigEasy Tool, avoiding the need to purchase additional and more costly speciality tools
- The BigEasy Loop is made from high-density polyethylene which provides a strong but flexible tool to adapt to any angle required to complete the unlocking process. Mould-injected with reflective substances which will 'Glo' after absorbing sunlight
- For use with tinted windows and headlights for night time lockouts
- The BigEasy Loop is easily stored in trouser pockets or the BigEasy carrying case
- A simple and inexpensive device to assist the technician in using the BigEasy to open locked cars by grasping door handles and window cranks

BigEasy BigEasy Paint Protector

Part number : LOCK110

RRP : £4.75

- The plastic paint protector is the perfect accessory for the BigEasy car unlock tool
- Insert it into the gap in the door frame after you have spread the frame with the plastic wedge or the air wedge
- Then slide the BigEasy through the hole in the centre of the paint protector
- Very easy to use and the perfect way to prevent damaging the car you are working on – never scratch the finish again
